As we continue to move forward as one team, this first-ever organization-wide survey is your chance to shape the future of our health company by sharing your opinion on what's working well and what needs improvement.

## About the survey

- It takes under 15 minutes to complete, and progress can be saved.
- You can take the survey at work, at home or on a mobile device.
- Everyone who completes the survey is eligible to receive one of several prizes.

## Taking the survey

- A link is also posted on myPal (Midlands) and Plexus (Upstate).

## Sharing results
