

New Prisma Health Financial Systems leaders announced

From Kimberly Shands, executive director of Financial Systems, Prisma Health

I am pleased to announce the following leadership changes to the Financial Systems Team within the Information Technology Services department.

Stephanie Case has been named director of Enterprise Systems for Prisma Health. Stephanie is responsible for the implementation, development and support of Enterprise Resource Planning, business applications and Microsoft Automation for all of Prisma Health. Stephanie has been director for the Enterprise team and systems in the Midlands and will now be adding the additional responsibility for the Enterprise team and systems in the Upstate. Stephanie joined Prisma Health–Midlands in 2003 and has served as director of Enterprise Application Services for the past nine years and as director of HRIS the previous seven years. Prior to joining Prisma Health, she worked in HRIS for nine years. She earned a Bachelor of Arts from the College of Charleston.

Karen Buchanan has been named director of Revenue Cycle Systems for Prisma Health. Karen is responsible for the implementation, development and support of the Revenue Cycle Systems for all of Prisma Health. Karen previously worked as a billing systems manager and has 35 years of experience in leadership and management. Karen joined Prisma Health–Upstate in 2007. She earned an associate's degree in allied health from Greenville Technical College and is currently working on her Bachelor of Arts in healthcare administration from Liberty University. She is Epic certified in Resolute Hospital Billing.

Please congratulate these team members as they begin their new roles for our health company.
