

Prisma Health Post-Acute Services update

From Angela Orsky, DNP, LNHA, RN, vice president of Post-Acute Services, Prisma Health

I am pleased to announce several updates to the Post-Acute Services team. Please join me in congratulating these team members on their new roles.

Cole Brown has been named administrator of post-acute care operations for Prisma Health. In this role, Cole will have operational oversight of skilled nursing and PACE services including post-acute initiatives and projects for both affiliates. Cole joined Greenville Health System (GHS) in 2016, most recently serving as administrator of Prisma Health Skilled Nursing and Rehab, Laurens. He earned a master's degree in health administration from the Medical University of South Carolina and holds a South Carolina nursing home administrators license.

Melissa "Missy" Cantrell has been named manager of hospice services for Hospice of the Foothills/Cottingham Hospice House. In her new role, Missy will manage the overall operational and clinical services for both Hospice of the Foothills and Cottingham Hospice House. She joined GHS in 2014, most recently serving as supervisor of home care services for Hospice of the Foothills. Missy earned a bachelor's degree in nursing from Western Governors University.

Melinda "Mindy" Newell, manager for our PACE Program's White Rock Center, has been named director, Palmetto Health Senior Care PACE. In her new role, Mindy will be responsible for the oversight of our five PACE programs in both the Midlands and Upstate affiliates. Mindy joined Palmetto Health in 2006 and has been part of our PACE program since 2011. She earned a master's degree in health administration from Ashford University.

Elizabeth Snyder has joined Prisma Health as executive director of home health and hospice. In this role, Elizabeth will lead operations, strategy and integration for home health and hospice services across both affiliates. She has a wealth of post-acute services experience, including leadership roles at Ronald McDonald House of Chapel Hill, Advanced Home Care in Cary, NC and Mercy Health System in Springfield, MO. Elizabeth earned a master's degree in health administration from Missouri State University and is a RESNA certified assistive technology professional.

Landace Woods is transitioning into the role of director of quality improvement for home health and hospice. In this new role, Landace will lead quality improvement initiatives and ensure accreditation readiness for all local, state, and national regulatory agencies for our home care, hospice, and durable medical equipment service areas. She has been with us for 25 years, most recently serving as director of home health services for Prisma Health-Upstate.
