The University of South Carolina's School of Medicine and the Greenville Health System's Cystic Fibrosis Centers are jointly hosting an Education Day for people living with Cystic Fibrosis, and for those that care about people with Cystic Fibrosis. We will have discussions on: research, registry, transition, adult clinic, and the CF community. This event will take place at the Riverbanks Zoo and Gardens in Columbia, SC on Saturday, October 6th from 9:00 AM to 1:00 PM. **We ask for all to honor the new infection control policies put in place to protect your loved ones and hence no persons with CF may be in the talk area.** We will be providing a t-shirt for our CF visitors at check in for them to wear proudly!

Agenda

9:00 AM: Check-in at Zoo entrance

9:30-10:00 AM: Lisa DuBose, NP: The 3 R's of CF Registry: Research, Reports & R you in the clinic when you need to be.

10:00-10:30 AM: Dr. Daniel Brown: Dr. Dan Delivers

10:30-11:00 AM: CF Foundation: What to expect from your foundation? What is happening in the CF community?

11:00-11:30 AM: Dr. Jennifer Hucks: What to expect in the adult clinic.

11:30-12:00 PM: Questions and Panel Board

12:00-1:00 PM: Lunch

Lunch tickets will be provided at the end of the talks and may be turned in for a boxed lunch at various sites that will be provided at check-in.
